† As at 29 June 2018, 1.44% of the Net Asset Value of the portfolio was incurred as charges, levies and fees related to the management of the portfolio. Factsheet asset allocation percentages are in some cases based on the normalised (or benchmark) asset allocations of investee funds, as opposed to the actual exposures of those funds at the date of the factsheet. This reflects the expected average allocation over time which will result from decisions to hold particular funds.
